### Linguistics & Language Behavior Abstracts

Our recently published 20-page booklet will show you how to turn your personal computer into an effective research tool. You can have access to more than 80,000 citations and abstracts from the worldwide literature of linguistics as fast as you can type "sociolinguistics" (or, if you prefer, "discourse analysis").

#### The Guide contains:

- Hints on search strategies
- A review of Boolean logic
- Sample searches conducted on user-friendly systems
- A glossary of terms, and more...
